DIARY NOTES

DD/S

2 June 1961

25X1A

1. At the Deputies' Meeting this morning:

25X1A6a

25X1A6a

a. The Director raised the question of financing support for the [REDACTED] operation and again reiterated his reluctance to pay for support to the [REDACTED]. He said that when he had released a cable last Saturday authorizing the expenditure of some \$600,000 in support of the [REDACTED] he had not understood that this Agency would pay for it. After some discussion I persuaded him to sign off on the \$4.86 million already agreed to. This he has done. I have also talked to [REDACTED] who is most unhappy about the Director's reluctance to sign off on the additional \$600,000. I have asked him to brief Dick Bissell, and if neither the Director nor Dick raises it at the next Deputies' Meeting, I shall do so.

25X1A6a

25X1A9a

b. There was also a brief discussion about "sheep dipping" operations. I have not participated in this in detail but apparently the present situation does not permit military personnel to volunteer. General Taylor is interested in this problem and apparently some new procedures may be worked out.

c. The Taylor Committee is also apparently giving serious consideration to a permanent board with a permanent staff to replace the present 5412 Committee.

d. It was noted that Mr. Kilday is to be a judge on the Municipal Court of Appeals and that he will therefore not be chairing our Subcommittee after this session of Congress.

3. I consulted Colonel [REDACTED] again about the recall to active duty [REDACTED]. The Field has been unable to set up the composite unit which I, in fact, thought initially had already been set up. I therefore see no alternative but to withdraw our request for the recall of [REDACTED] and I have therefore addressed such a memorandum to the [REDACTED]
